Product Review: TX Cricket Elite 9mm Mono-Filament Turf

“Having trialled and played on so many different surfaces over the last 20 years, I have found this new product from Synsport to be up there with one of the best that I have come across. The product was tweaked to what I think will be a top quality, long lasting cricket batting surface and look forward to using it going forward on a regular basis. I would recommend this product for all your indoor and outdoor nets with the intention of giving the batsmen the best possible surface to develop their skills. “

“Our indoor cricket centre was built by Synsport in 2015 and I was fortunate enough to be involved in the testing and development of the new TX Cricket Elite Turf in late 2019. Synsport installed two test lanes at my facility which underwent rigorous testing by the Cape Cobras players in their off-season training”
