

At The Complete Cricketer Academy, we always aim to set the highest standards and be at the cutting edge of our sport. That is why we have continuously partnered with Synsport for over 12 years.

Synsport were tasked with the initial development of our High-Performance Centre and went above and beyond in expectations. Their staff were professional and friendly, and the job was completed with minimum fuss and maximum customer satisfaction.

Since the original project, we have maintained a fantastic relationship with Synsport. They are happy to advise and assist with improvements or upgrades and continue to provide the highest quality products at highly competitive prices.

I can genuinely recommend their services and look forward to continuing our association with this leading service provider.

Laurie Ward
Head Coach/Owner
